

Swimming Pool and Thermal Baths

Because of its proximity to the local thermal baths, our hotel welcomes many guests who are seeking a health cure.

There are 7 pools. Under cover there is a learning pool, a swimming pool, an immersion pool and a spa pool. Outside, in the summer area, there is a 50-metre competition pool, a thermal pool and a children's pool.

The water from the hot spring has been certified as curative. It is excellent for the treatment of locomotor complaints, degenerative muscular illnesses, certain gynaecological disorders and for recuperation after broken bones.

Its services include a sauna, a solarium, massage, manicure, pedicure, a sunbathing terrace and a snack bar.

Riding Carriage Tours

On the local horse farms there are professionals to help would-be riders. They provide a great opportunity not only for riding, but also for horse-drawn carriage tours.

We offer to arrange such activities for groups.

Hunting

The countryside has a significant stock of small game, roe and deer. Hunters enjoy killing them.

Fishing

Anglers can visit Lake Sóstó, private lakes and also the lake at the nearby village of Kunfehértó.

Outings

For those who would like to take an outing, there are lots of things to do in the neighbouring towns.
